Vince & Sharon

Thanks a Million for coming to our parish to conduct the Awaken Our Hearts Mission during the Lenten Season. It was one of the best Missions that have even been involved with, in 39 years of being a priest. You brought a powerful message of God's love to our parishioners and visitors by using music, singing and powerful sharing. I saw many people moved to tears and having their hearts and minds touched very deeply. No doubt, miracles happened and are still happening because of the presentations, the ceremony of light and the Reconciliation Service. Just a few examples, Wayne Genzer, a blind man told me that: "Vince did not heal my eyesight but he healed my heart and now I can see more clearly what God wants me to do with my life." A man came to me in Confession and informed me that: "It's 35 years since my last Confession and here are my sins..." He told me that his eleven year old son had urged him to come to the Mission and that this was the greatest gift he had ever received. My God continue to Bless you in your vocation of "Awakening Hearts" of Catholics across America and in other lands. I will recommend your Mission to my priest friends in Corpus Christi, TX and in other states.

Yours very gratefully,

Msgr. Morgan Rowsome,
St. Peter, Prince of the Apostles Parish,
3901 Violet Road, Corpus Christi, Tx. 78410

Monsignor Morgan,

Thank you so much for bringing Vince to St. Peter. I haven't felt fully alive in a long time.

Let us become what we believe,
Juan N. Cabasos
